Dear Knippa ISD School Parent/Guardian:

I hope that this communication finds you doing well. This communication is to inform you that a school employee who was authorized, licensed, and compliant with Board Policy to carry a gun accidentally had an unloaded gun dropped out of the concealed-carry fanny pack today. The incident occurred during P.E. class, and I understand that your child is a student in that class. Thankfully, no one was injured; however, I wanted to inform you of the incident in the event that you may have any questions or concerns so that you visit with the campus administrator if you feel necessary. Moving forward, the District will require that all people licensed to carry guns will have a holster in their possession to properly secure the weapon.

Thank you very much for your time and attention to this matter.

Respectfully,

Benny Hernández
Superintendent of Schools
Knippa Independent School District
